REMINDERS -

In order to make the check-in process as safe and as efficient as possible, we ask that you do the following:

STUDENT
DROP-OFF
AND
PICK-UP
AREA

Arriving in the morning at 8a.m.:

A reminder all individuals walking into the building must be wearing masks.

At 8a.m. only Preschool through Kindergarten should be entering through the south door with a parent walking them into the building.

All 1st-8th grade parents should drop off in the circle drive. If you have a combination of the two groups we ask that you park in the lot and cross over the drive down **at the south end** of the parking lot. First through eighth grade students in this small group can then walk down the front sidewalk to enter the building. These parents, before leaving the parking lot, should look to see that their child or children have entered the building. All other parents should remain in their cars and drop off in the circle drive. Only parents who have business in the office should park and enter the building. Parents should not try to maneuver around other cars in the circle drive. This could lead to fender benders or other forms of accidents. The line has been eliminated by 8:10am.

AFTER SCHOOL CHANGES—As a reminder any changes to after school care/pick up must be called in by

2PM. We are unable to pass messages to teachers after the 2PM cut off.
